2004-2005 *Find the Good and Praise It* Awardees Congratulations Steven, John, and Ryan!

The Department of Civil and Environmental Engineering and Geodetic Science's *Find the Good and Praise It* award goes out annually to a person(s) for *distinguished and meritorious service to the department*. This year's recipients (photographed with CEG Chair Oliver McGee, *far left*) are CEG students, Steven Reidy (*left*) and Ryan Wensick (*far right*), and OSU Industrial Engineering student, John Wheeler (*middle*). These three students did a remarkable job of cleaning and renovating the CEG materials laboratory in Room 050 Hitchcock Hall. Professor McGee made this year's surprise award presentation to the students during the department's Holiday Mixer annually held at the OSU Golf Course clubhouse on December 20, 2004.
